

## BOARD APPROVED PRECEPTOR TRAINING PROGRAM

The Missouri Board of Nursing Home Administrators requires an individual applying to become licensed as a nursing home administrator in Missouri to complete a prescribed course of instruction and training. A work internship in a nursing home under the direct supervision of a licensed nursing home administrator who is designated as a **preceptor** by the Board is an important part of the preparatory training. The supervision by a **preceptor** is a valuable contribution to the growth and development of the intern, to nursing home administration, and ultimately, long term care. This course has been approved by the Missouri Board of Nursing Home Administrators as a requirement in the application process of becoming a preceptor.
