WHAT IS ALL THE TALK ABOUT PSYCHOTIC AGENTS

New CMS regulations changed how we use any psychotic agents, not just antipsychotics, and what drugs are classified under psychotic agents. The same guidance also changes the responsibilities of the medical director in monitoring the response of all physicians in the facility to pharmacy recommendations. Learn what these new requirements are and what they mean. Begin to build a foundation for careful stewardship in the use of Psychotic agents in your facility by creating a program that fosters staff competence, careful monitoring and 5-Star friendly results.

PRESENTER

Cheryl Parsons is a registered nurse, long-term care administrator, former skilled facility owner, author, long-term care consultant, speaker and informal dispute resolution reviewer. She has over 36 years of combined nursing, administration, ownership and consulting experience in the industry and has received awards in recognition of her accomplishments and dedication to improving long term care. Cheryl speaks passionately about person-centered care and has dedicated a large part of her speaking career to motivating providers at all levels to leave the institutional model behind. She has published two books, "The Core Building Blocks of Quality in LTC," and "The Crucial Role of Social Services in Long Term Care." In addition she has prepared and spoken on over 500 seminar programs on various issues which challenge the industry. In July of 2011 she began work with Primairs, Missouri's Quality Improvement Organization, as an Informal Dispute Resolution Reviewer.
