## Six Months of PDPM, What Have We Learned

This 5-hour workshop will help providers assess how they measure up under the new payment system. We will cover the challenges and successes providers experience under PDPM while offering practical tips, guidelines and resources to help you succeed. Our presenters have a clinical, billing and financial perspective and will look at how things have changed in this new environment while using hands-on activities to enhance your learning experience. Attendees will walk away with tools to implement within their daily practice.

The workshop will include:

- A refresher of the basic components of the PDPM payment methodology.
- Review of other operational challenges including therapy contracting and utilization, diagnosis coding and MDS assessment accuracy.
- Discuss real life problems providers face with the first year of PDPM and best practices implemented by providers achieving optimal performance metrics.
- Intelligence on billing and managing your revenue cycle under PDPM.
- We will identify warning signs that may indicate weaknesses in your revenue cycle.
- Provide key strategies and best practices to help avoid cash flow casualties.
- Overview of key performance indicators .
