### About the Facilitators:

**Sue Shumate, BS, RN, CHTS-IS, IPSue** is the ICAR Clinical Advisor for Region 7 (St. Louis and Eastern MO), Region 4 (Northwest MO), and ALFs and RCFs for Region 2 (Southeast MO). Prior to joining the ICAR team, she was the Health Information Coordinator for the CMS-funded Missouri Quality Initiative (MOQI) project. Her role focused on improving care transitions, documentation, and communication with internal and external partners using health information technology. In her work, she collaborated with all providers of care to establish best practices. Sue has a bachelor's degree in marketing, a RN with acute care experience, a Certified Healthcare Information Technology-Information Specialist, and Infection Preventionist. **Shari Kist, PhD, RN, CNE, IP** Shari has been the ICAR Clinical Advisor since January 2021. Prior to joining the ICAR team, she supervised Advanced Practical Nurses (APRNs) as part of the CMS-funded Missouri Quality Initiative (MOQI) project. The aim of the MOQI initiative was to reduce avoidable hospitalizations in long term care residents. Shari has been in nursing education for over 30 years, teaching primarily undergraduate students; many of her clinical days have been spent in long-term care facilities assisting students to understand and provide for the needs of older adults. Shari has a BSN from Northeast Missouri State University (now Truman State) and her MSN and PhD from Sinclair School of Nursing at the University of Missouri-Columbia.
