

WHO WE ARE

The Missouri Association of Nursing Home Administrators was incorporated in 1978 under the name of Missouri League of Nursing Home Administrators.

We are the only not-for-profit organization in Missouri dedicated to furthering the interests of the long-term care administrator. With a dedicated staff and a heavy reliance on our member/volunteers, we have proved successful because we stress a democratic structure that allows members to determine our direction. We assure that your voice is heard.

We are an in-person and online education provider for the long term facility, hospital, and home health care employees. MANHA worked with DHSS, health care providers, recognized experts in the field, and has completed countless hours of research to create current, robust, and engaging continuing education, certification programming and Intensive Training courses to improve quality of care at the facility level. And all at a very affordable price.

We promote the administrator and the industry through local and statewide public relations activities and provide you with timely information on issues facing the industry.

OUR MISSION

To Provide Unmatched Personal & Professional Development in support of Those we SERVE!

OUR VISION

To Be the Leader in Promoting & Enhancing the Professional Growth of OUR Members!

OUR VALUES

Foster Professional Growth & Development of Quality Leadership!

Why MANHA? *MANHA is a valuable resource to be used throughout the year.*

- ✓ *Every successful Administrator knows the importance of staying abreast of new developments through timely information*
- ✓ *MANHA responds to those needs by serving as your information liaison*
- ✓ *The organization tracks vital changes and communicates those changes to its members*
- ✓ *Through its networks of Policy Makers and Legislators, MANHA assures that your voice, the ADMINISTRATOR, is heard at the highest policy making level*
